1. ICEDA Small Grant Scheme

1.1 Introduction and background of the Call

The Digital Agenda for the Western Balkans is a key pillar of the European Commission's Western Balkans Strategy published in February 2018. It covers a wide range of areas from broadband infrastructure, public sector modernization and the digitalization of industry to digital skills and cybersecurity, and a roadmap for lowering roaming charges. Most media, civil society organizations (CSOs) and Governments in the region do not have the resources or the capacities to cover the issues of e-government and digital rights, denying the citizens opportunities to learn about the current tendencies.

Therefore, the consortium of CSOs from five Western Balkan countries was established, within the regional EU funded project, [Increasing Civic Engagement in the Digital Agenda – ICEDA](#), with aim to increase the engagement of the CSOs in the shaping and implementation of the Digital Agenda in the Western Balkans.

The consortium is made of:

- North Macedonia, [Metamorphosis Foundation](#)
- Kosovo, [Open Data Kosovo](#)
- Serbia, [Center for Research, Transparency and Accountability - CRTA](#)
- Albania, [Levizja MJAFT](#)
- Montenegro, [NVO 35 MM](#)

The ICEDA project works with its European Union partner:

- Estonia, [E-Governance Academy](#)

1.2 Objectives

ICEDA announces this Request for Applications to provide support to CSOs to promote the Digital agenda through the Small Grants Scheme Cycle **LOT 2: Award grants for Digital Agenda Advocacy Initiatives** awarding 15 small grants to CSOs from Albania, Kosovo, Montenegro, North Macedonia and Serbia (the target is approximately 3 grants per country), in the range between EUR 3.000 to EUR 7.000 per grant.

ICEDA will provide support to CSOs to perform initiatives within their native countries, by awarding small grants that will contribute to achieving the following **overall** objectives:

- SO 1: To increase the capacity of CSOs and media for tackling challenges related to the Digital Agenda, empowering them to become active participants in the process;
- SO 2: To enhance the role of CSOs in aiding state institutions to better exploit the potential of Information and Communication Technologies (ICTs) in order to improve the quality of their e-services to the citizens and increase their openness including achieving greater transparency and accountability through development of efficient eGovernment systems;
- SO 3: To strengthen online trust and security by providing trainings and awareness raising through a network of CSOs promoting digital literacy, skills and inclusion at regional, national and local level;

This project is co-funded
by the European Union

The "Increasing Civic Engagement in the Digital Agenda – ICEDA" project is implemented by Metamorphosis Foundation [North Macedonia], Open Data Kosovo [Kosovo], e-Governance Academy [Estonia], CRTA – Center for Research, Transparency and Accountability [Serbia], NGO 35mm [Montenegro], and Levizja Mjaft! [Albania].

- SO 4: To increase the visibility of issues related to the Digital Agenda within civil society and media;
- So 5: To increase the citizen demand for quality e-services through training and awareness-raising by the CSOs.

1.3. Expected results

ICEDA will support advocacy initiatives that directly respond to specific issues that specific target groups from the targeted WB country face, in the areas covered by the Digital Agenda and ICEDA. The activities from the proposed advocacy initiatives should be very specific and directly related to the support and facilitation of the solution of the targeted issues, also elevating the importance and visibility of the targeted issues among the public and relevant stakeholders.

The expected results from each of the supported advocacy initiatives should be, at least two of the following:

- R1: Initiation of at least 1 policy/ procedure/ Law/ Strategy change in one of the following areas: cyber security, privacy protection, accessibility, connectivity, ICT, artificial intelligence, digital literacy, digital economy;
- R2: Issuing of at least 3 national level policy recommendations in one of the following areas: cyber security, privacy protection, accessibility, connectivity, ICT, artificial intelligence, digital literacy, digital economy;
- R3: Improvement/ re-design of at least 1 public e-service for citizens;

Advantage will also be given to those advocacy initiatives which apart from the above mentioned expected results, will also achieve one of the following expected results:

- R4: Increasing the number of citizens using eGovernment services by 20%;
- R5: Ensuring at least 15 local and/or national media regularly covering the targeted issue in the targeted WB country where the initiative is being implemented.

1.4 Financial Allocation and timeline for LOT 2

The action will support CSOs from five Western Balkan countries (Albania, Kosovo, Montenegro, North Macedonia, and Serbia) to promote the implementation of the Digital Agenda through a Small Grants Scheme of EUR 300,000 awarding approximately 30 small grants for local initiatives during the course of three years. The Small Grants Scheme is divided into two Lots (more information on LOT 1 can be found in Section 7), namely:

- **LOT 2: Award grants for Digital Agenda Advocacy Initiatives**

The action will award 15 small grants to conduct local projects in line with the ICEDA objectives to 15 CSOs from the 5 Western Balkans countries.

The budget for this Lot is EUR 75.000 providing amounts **ranging between EUR 3.000 to EUR 7.000 per individual grant (approximately EUR 5.000 per individual grant).**

This project is co-funded
by the European union

The "Increasing Civic Engagement in the Digital Agenda – ICEDA" project is implemented by Metamorphosis Foundation [North Macedonia], Open Data Kosovo [Kosovo], e-Governance Academy [Estonia], CRTA – Center for Research, Transparency and Accountability [Serbia], NGO 35mm [Montenegro], and Levizja Mjaft! [Albania].

The sub-granting cycle for this lot will take 11 months to complete (See timeline below):

Timeline Item	1	2	3	4	5	6	7	8	9	10	11
Opening of Call for Proposals and Promotional Activities	■	■									
Selection of sub-grantees			■	■							
Preparatory and training activities					■						
Implementation of Individual Grants						■	■	■	■	■	■

*Potential starting month of sub-grants: October 2021.

*This timeline is subject to change in line with the project needs.

Important: Partnership with at least one media organization/ outlet is mandatory to ensure a better reach.

1.5 Technical Assistance and Networking

Once the initiatives are selected, the Action partners will monitor the project implementation and provide technical assistance to all recipients based on their specific levels of competence. Technical assistance will be provided through tailor-made mentoring (coaching) for sub-grantees to further strengthen their capacities and to respond to their specific needs, including public relations, communication, evaluation, etc. Administrative and Finance Staff (Metamorphosis) will conduct mentoring related to financial reporting, while the Action staff will provide mentoring related to the program aspects.

Besides the financial support, ICEDA will also provide capacity building support for the selected sub-grantees, namely:

- To develop and implement initiatives and build partnerships regionally and internationally through organizing online and offline networking meetings for exchange of information, experience and lessons learned, discussion on faced challenges, possible ways of resolving them, and possibilities for better cooperation with other interested parties in the region;
- To become part of the national networks established in their respective countries which constitute the regional ICEDA network;
- To receive tailor-made mentorship (coaching) from experienced professionals in fields that the sub-grantees identify that they need assistance;
- To participate in capacity-building activities in a variety of topics throughout the implementation of the grant in order to enhance the capabilities of the sub-grantees.

One organization can participate in maximum two projects. Alternatively, one organization can participate in up to two projects as partner.

2.2 Eligibility of the activities

The **ICEDA Small Grants Scheme LOT 2** will support initiatives for stimulating a culture of critical thinking via promotion of media literacy, in particular through activities from the following (non-exhaustive) **indicative** list:

- Inciting public debate on issues related to the Digital Agenda, relevant for the country where the sub-grant is implemented;
- Engaging citizens to increase their demand for higher quality eGovernment services;
- Establishing cooperation and networking between various stakeholders for Digital Agenda advocacy at local and national level;
- Capacity building of local community members including trainings, workshops and lectures;
- Enabling citizens to use the competent state institutions/regulatory bodies to address shortcomings related to eGovernment development, such as inconsistencies and breaches of privacy and security;
- Production of public education contents for the web or for the traditional media;
- Promotion of public education contents via various kinds of media;
- Online promotion via short videos, banners, and other kinds of multimedia contents;
- Strategic use of social media to reach wider and/or targeted audiences, including online ads.

All the created products should be in **the languages of the local communities and target groups**.

The Action's methodology for the Small Support Grants will treat designing and implementing sub-grants as a learning process that will be complemented by the ICEDA action expertise. Applicants will be supported with constructive feedback at all stages of the grant project - from their project proposal, to the development of their action plan, to implementing the supported initiative. All costs will be approved and covered directly by the Metamorphosis team. The Steering Committee of the ICEDA Project will select the partnership initiatives competitively based on proposals quality, potential impact and relevance to the overall Action's objective. Additional criteria will be discussed and determined at the inception phase in cooperation with the pool of experts.

[Albania].

3.4 Information Sessions

An online information session for potential applicants will be organized by each of the ICEDA project Partners, in the form of webinars for up to 1 hour. One information session will be held within each of the five Western Balkans countries, conducted in local languages, on **June 7th, 2021 at 10:00 CEST**. For more information on each of the sessions, contact the local partner from the country you are applying in or follow the Facebook and Twitter @ICEDAPROJECT pages, or the local partner's social media and website.

4. Evaluation and selection criteria

This Request for Applications will support innovative and bold proposals that:

- Directly support the ICEDA objectives and demonstrate a commitment towards enhancing the Digital Agenda through promotion of digital literacy and use of eGovernment services;
- Introduce innovative models of cooperation between CSOs, public institutions and the media;
- Provide creative and effective strategies for engaging their targeted audiences;
- Produce educational multimedia contents that can be distributed via different platforms (for instance, but not limited to, video materials that can be used as TV show and as online clips);
- Strategically use traditional and new media for increased visibility;
- Promote an integrative approach with focus on ethnicity, gender and age;
- Foster partnerships and cooperation between the various stakeholders, including civil society, media, state institutions at local or central level, educational and business sector.

The forming of the network and the financial support for the sub-grantees will also be based on the principles of promoting integration, social cohesion, diversity, advancement of human rights and non-discrimination, which will be encouraged through the rules and procedures for the public calls and selection of sub-grantees.

The CSOs, as lead partners, will need to submit their applications using the Metamorphosis Standardized Application Form, including a precise Timeframe of Implementation and Budget Form and other relevant attachments: copy of registration documents, CVs of key personnel, information on partners and letters of commitment/ memorandums of cooperation.

The selection of grant recipients will be a three-step process: pre-assessment, assessment and awarding. Each application will be pre-assessed to ensure that the basic requirements are met and that the application is in compliance with the eligibility criteria, as follows:

- The applicants are from the targeted countries and include activities within them;
- The proposed initiatives demonstrate clear vision, catering to the particular needs of citizens;
- The proposed initiative includes confirmed partnership with at least one media organization/ outlet;
- The proposed initiatives delineate clear roles of all partners;
- The Application Form is fully completed and includes the required attachments;
- The Application is submitted within the deadline;
- The requested financial support does not exceed the maximum small grant amount.

The "Increasing Civic Engagement in the Digital Agenda – ICEDA" project is implemented by Metamorphosis Foundation [North Macedonia], Open Data Kosovo [Kosovo], e-Governance Academy (Estonia), CRTA – Center for Research, Transparency and Accountability [Serbia], NGO 35mm [Montenegro], and Levizja Mjaft! [Albania].

The following applications will receive priority during the selection process:

- Creative and cost-effective initiatives with high potential for sustainability;
- Initiatives contributing to strengthening of networking at local, regional or national level.

An application must comply with all these criteria in order to proceed to the assessment phase.

Applications not complying will be rejected.

All applications positively assessed during the pre-assessment will be presented to the Steering Committee of the ICEDA project for approval/rejection/conditional approval based on the following **selection criteria**:

1. Technical approach (maximum 70 points)	<ul style="list-style-type: none"> • Relevance to the needs and issues addressed (30 points) • Quality of the proposed activities (15 points) • Results-oriented activities (15 points) • Innovation (10 points)
2. Organizational capacity and past performance (maximum 10 points)	<ul style="list-style-type: none"> • Administrative, financial and managerial capacities (5 points) • Relevant past experience and results in similar areas (5 points)
3. Cost proposal (max. 20 points)	<ul style="list-style-type: none"> • Cost-effectiveness of the budget (20 points)

Small grants will be awarded only to responsible recipients who possess the potential to perform successfully under the criteria and terms of the Small Grants Scheme. Consideration will be given to such matters as integrity, record of past performance, financial and technical resources, and accessibility to other necessary resources. During the evaluation process, the Steering Committee will have the liberty to request additional information from the applicants regarding the proposal or about the organization in general that is necessary to complete the evaluation.

Following the best practices used by the EU Delegations, a threshold of 70 points will be set by the Steering Committee and only proposals exceeding this level will be considered. The sub-grants will be awarded to the highest-ranked proposals from each country, while the rest will be put on the reserve list, and considered if the highest-ranked proposal for a certain country are below the threshold.

5. Notification from the ICEDA Team

Approval, rejection, or conditional approval letters will be sent to the applicants. Approved applications will receive an Agreement of cooperation outlining the recipient organization's legal obligations, which will be based on the implementation timeframe from each application. In line with the Action contract and the resulting internal procedures the sub-grantees will conduct administrative preparations including registering the project with the respective tax authorities. Approved applications will also receive Memorandums of understanding for officially joining the ICEDA network.

Metamorphosis will manage all aspects of implementation of the sub-grant contracts with each of the sub-grantees, distribution of funds and monitoring of the implementation, facilitating communication

and problem-solving when necessary, and ensuring that sub-grantees are supported in utilizing the provided tools and training to advance their activism. The ICEDA partners from different Western Balkan countries will be part of the monitoring process and provide direct support to the sub-grantees through coaching and mentoring in order to facilitate successful implementation, as well as VAT exemption support within their countries.

The applicants will be notified from the project team by email on the results of their application tentatively by the end of August 2021.

6. Contract Notice

Following the decision to award a grant, the beneficiary(ies) will be offered a contract based on the standard grant contract. The contract notice will be sent tentatively by August 2021, while the project will intend to start implementation by October 2021.

The beneficiary upon the signature of the contract will receive 70% of the total agreed budget of the project, while the remaining amount of 30% will be distributed upon the approval of the final narrative and financial report.

7. About LOT 1: Award grants for the e-Government Support Centers

The action awarded 15 small grants to conduct local projects in line with the ICEDA objectives to [15 CSOs from the 5 Western Balkans countries](#), embedding partnerships with local or national public institutions.

The overall goal of **The Small Grants Support Scheme LOT 1** was to provide support for targeted initiatives for promotion of the Digital Agenda that will contribute to achieving the overall ICEDA goals, transposed to the local circumstances of the respective countries or local communities, aimed to build capacity-building synergies.

The sub-grantees are currently implementing projects that:

- Foster the creation of an enabling environment for civil society development and greater involvement of stakeholders in achieving the goals of the Digital Agenda;
- Increase citizen demand for accountable institutions that provide eGovernment services through public education and promotion of EU standards and international best practices;
- Contribute towards a deepened understanding and inclusiveness of information society development priorities embodied within the Digital Agenda for the Western Balkans;
- Act upon further development of the dialogue between decision makers and stakeholders based on evidence and best practice, enabling CSOs and media to participate effectively in the consultative processes, by strengthening their capacity for evidence-based analyses, ICEDA-relevant monitoring and effective advocacy while also improving networking, partnership and coalition building skills.
